

THE BUSINESS TAKE OFF!

Business with a twist

The Concorde Conference Centre is the venue to make your business take off!

We have created a Day Delegate Package to allow you to have a private tour of Concorde as part of your event.

As well as experiencing our fantastic conference facilities and catering you will receive a 20 minute tour of the world's first super sonic airliner G-BOAC Concorde. Where you can take in the history of the aircraft with many facts from our specialist tour guides. This experience is the perfect way to impress your delegates with a trip on board and get a real taste of what it's was like to fly faster than a bullet in the life of luxury.

Call us on 0161 489 8299 or email
