

Important

Please
keep me

Before you leave home

- **Checked in baggage allowance**
Check with your airline as allowances differ.

Hand baggage

- **Hand Baggage Restrictions**
From 7th January Manchester Airport has changed its hand baggage restrictions so passengers are able to take more than 1 item of hand luggage through security. Items must not exceed 56cm x 45cm x 25cm. Please note not all UK airports will be changing their hand luggage restrictions. We advise you to also check with your airline as some have additional restrictions.

- **Liquids**
No liquids, gels, creams, perfumes and sprays of more than 100 ml/100g. Any liquids of 100ml or less must be carried in a small re-sealable plastic bag.

The plastic bag must not exceed one litre capacity per passenger - that's around half the size of a standard A4 piece of paper and it must be re-sealable. The bag can contain several items of 100ml/100g or less but must not be too cluttered to allow security officers to carry out thorough checks.

- **Musical instruments**
Large musical instruments will be allowed as an extra item of hand luggage but they will have to be screened separately.
- **Large electrical items/laptops**
Laptops and other complex items of electrical equipment have to be removed from hand luggage and screened separately.

No sharp items allowed in hand luggage.

At the Airport

- **Plastic bag x-ray**
The re-sealable plastic bag will have to be removed from your hand baggage and x-rayed separately.
- **After security control**
Passengers are able to **buy liquids** including drinks and perfumes in retail outlets **after security control**.
- **Travelling to the USA**
Passengers travelling to the USA may be subject to further checks at the gate before boarding.
